

MARKETING UPDATE

TTR300 SERIES AND RESONATING INDUCTOR DATASHEETS

From: Elsa Cantu, Marketing Communications Manager, Dallas, TX

Please note that there are updates both to the TTR Series and Resonate Inductor datasheets.

TTR Series

TTR Series is now at V6. Attached is a copy of the TTRSeries_DS_USen_V06.pdf datasheet. Revisions include:

- Deletion of TTR320 information throughout the datasheet.
- Updated image of TTR310; updated text throughout the datasheet.

Resonate Inductor

Resonate Inductor is now at V12. Please note the various updates are attached on a document called RESONATE_INDUCTOR_DS_en_V12 Updates.pdf. Also attached is the datasheet.

Both documents are now available on the US and Canada English websites. If you need printed copies of these datasheets, please send your request to Nicole.stokes@megger.com.

For more information on this update or if you have any questions, please contact Elsa Cantu, Marketing Communications Manager, directly at +1 214 330 3539 or elsa.cantu@megger.com.
